DR. PRYSTOWSKY’S 30TH ANNUAL EP FELLOWS SEMINAR: INTERPRETING THE UNKNOWN ELECTROGRAM

Program Description
This one-day, intensive course is designed to educate EP fellows on best practices to effectively diagnose arrhythmias, using intracardiac electrogram tracings. The faculty will review key factors to understanding arrhythmogenic electrocardiographic features. Audience members volunteer to work with the faculty members to interpret the tracings.

Program Objectives
After completing this activity, the participant will be able to:

- Define an approach to diagnosing complex arrhythmias
- Accurately interpret intracardiac electrograms of supraventricular and ventricular arrhythmias
- Analyze the response to various electrophysiological pacing maneuvers

Supported by Medtronic Global Medical Education
This activity is specific to the needs of Fellows-in-Training

When: Tuesday, May 9, 2017 from 7a – 4pm

Where: Radisson Blu, Chicago, Illinois

Program Director: Eric Prystowsky, MD
Director, Cardiac Arrhythmia Service
St. Vincent Hospital, Indianapolis, Indiana
Consulting Professor of Medicine
Duke University Medical Center, Durham, North Carolina

RSVP: To pre-register for this program, please complete the electronic registration form http://medtronic.cvent.com/d/wvq681
